

# ETESIA

Theoretical output	15 000 sqm/h
Transmission	Hydraulic
Collecting	✓
High grass mowing	✓
Mulching	✓

## BUFFALO 124

The new force

### The new generation ETESIA

- Better collection performance in all working conditions the motor speed remains stable.
- Very comfortable to drive with its improved power steering: less effort on the steering wheel.
- Safer slope work with a doubled braking efficiency by the addition of new disc brakes.

### PERFORMANCE

- Up to 15,000 sq.m grass cut and collected per hour.
- 1,24 m cutting width.
- Output comparable to 1,50 m cutting width machines.
- Emptying up to 1,80 m above the ground.
- Complete grassbox emptying.
- Hydraulic all-wheel drive on the 2 rear wheels and four wheel drive on the HVHPX model.
- Differential lock for the HVHPX.
- Unleaded fuel Vanguard motor with a tree-year guarantee. Equipped with a katalysator.
- Multi-function dashboard.
- Electromagnetic blade clutch with brake.

### COMFORT

- Ergonomic controls.
- Power steering.
- High-power hydraulic transmission.
- High-backed seat, height adjustable.
- Ergonomic design for easier working.
- Easy maintainance.
- Silent and efficient: an acoustic pressure of 85 dB(A) at the driver's seat and an acoustic level of less than 100 dB(A).

### VERSATILE

- The snow plough together with snow chains enables the mower to be used for snow clearance.
- All types of mowing: grass collecting, mulching with the mulching insert and high grass cutting with the deflector.
- All types of surfaces: their tight turning circle and their reduced rear overhang make them very versatile machines, equally at home cutting in large or small areas.

A 600-litre grassbox

Collecting high grass

Large areas

Dimensions and weight	HVHP2	HVHPX2
Height	200 cm	
Width	128 cm	
Length	292 cm	
Weight	585 kg	636 kg

Motor	HVHP2	HVHPX2
Engine	VANGUARD (guaranteed 3 years) with katalysator	
Cylinders/cooling	2 cylinders / air cooled	
Capacity	627 cc	
Power	23 HP	
Fuel	Unleaded fuel	

Mowing	HVHP2	HVHPX2
Cutting width	124 cm	
Cutting height	From 44 to 102 mm	
Transmission	2 wheels drive	4 wheels drive
Speed	0 to 12 km/h	
Theoretical output	15 000 sq.m/h	
Cutting deck	Mastershock	
Collection box	600 l	
Emptying	Up to 1,80 m above the ground	
Mulching	Kit MU124P	
High grass mowing	Optional	
Blades clutch	Electromagnetic with brake
